

**NEWLONG NP-7H: Industrial sewing machine**  
**SIDE HANDLE TYPE – Designed for continuous use.**  
**Recognized as the best in the world!**

**Features:**

- Easy sewing on horizontal surfaces.
- Suitable for joining two fabrics
- Improved looper and simple mechanism
- Steel cam – Long life (No plastic cam)
- Automatic thread cutting
- Minimum maintenance
- For kraft paper, cotton, hessian, jute, pp/pe woven cloth and other bag materials
- Presser foot lifter, shoulder belt, and thread cone cover available at extra cost.

**Technical specification**

- Speed: 5-8 seconds / bags
- Stitch length 8.5 mm (3inches)
- Needle : NP-25
- Weight : 5.3 kg (12 lb) with thread
- Motor: 60W 50/60Hz, 1-ph. 12V, 24V, 100V, 110V, 220V or 240V (Specify when ordering)
- Sewing machine with 2 threads also available

**Advantages :**

- High speed revolution 1.500-1.900 r.p.m
- Safety plastic handle for insulation
- Oil pump lubrication system
- Oil lines direct lubricant moving elements
- Tape binding attachment : available at extra cost
- Long lasting steel cam: avoid internal loose parts, thus causing less wear

- Allows sewing many layers at a time or in a thick material
- Lopper: Bigger than other models (double) thus wear slower
- The machine grips the material more easily, requiring less effort
- Needles: Bigger, therefore more resistant
- Small tube: Goes to the lopper and cam allowing constant lubrication

### Suggested usage

NP-7H can be used suspended on the spring balancer with a hanger

Thread, spring balancer, replacement parts and other accessories available on request

Fast and efficient repair service.
